To Whom it May Concern:

I am writing this letter in regards to the removal of RFD-TV network from your broadcasting. Farming is my family's livelihood and this network provides a lot of useful information that helps us enhance and improve our farming knowledge and abilities. The market reports we get by watching RFD-TV network are very valuable as we market our commodities. We also learn about the newest methods of cultivating and weed control.

When we come in to rest and relax, one of our favorite things to do is to turn on RFD-TV network to see the good old shows that we remember from years back. Some of our favorites are entertainment from performers such as Porter Wagner and Marty Stuart and many others that shared their talent on shows like Hee Haw, which we also enjoy watching, thanks to RFD-TV network.

Please do not remove this network as we look forward to its broadcast daily and learn something each time we turn on the television to RFD-TV. A lot of the programming on other stations we do not enjoy as it contains graphic violence, reality shows, and other viewing that is not family oriented. The main two stations we watch are RFD-TV and Fox news. If RFD-TV is removed, we will have no other choice but to cancel our satellite subscription and return to using an antenna for local broadcasts. We urge you to please reconsider your decision in removing the RFD-TV network. We, and a host of many other viewers, want to continue learning about the farm life and watching the great shows that are all seen on one of our favorite networks, RFD-TV.

Thank you,

Phil & Vickie Bulluck

Farmers from Battleboro, North Carolina

Mr. Patrick Gottsch:

I'm writing concerning the FCC inquiry 16-41.

I have Directv and I get RFDTV where I watch a lot of programs. I watch Larry's Diner, Marty Stuart show, The news, Several music shows and a number of other programs. If I couldn't watch RFD I would have no interest to watch TV. RFD is the only station that has decent programs for families.

I am 89 years old and I should be able to choose what I watch and pay for. I don't need some one else choosing for me.

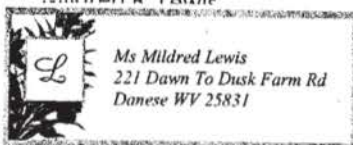

I hope the FCC will consider Rural America and the important part we play in this Beautiful Country . Without us the cities would have to raise every thing in window boxes and flower pots and there wouldn't be enough to go around.

I hope this situation will be settled once and for all.

Mildred Lewis.

Thank you.

This letter is in support of your efforts to protect the ability of RFD-TV to broadcast which I absolutely need to operate my ranching and farming operations. I'm shocked that Verizon, whose phone I use, has attacked RFD-TV and limited its ability to use its independent band by FIOs.

I operate a cattle ranch in Texas where I raise red angus cattle, I also have a ranch in Colorado and I operate and own the family farms in Nebraska. This farm was bought by my great grandfather in 1882 when he arrived from Germany. I'm 81 and the 4th generation owner. I raise corn, soybeans and sorghum as well as Boer goats in Seward County Nebraska.

Luckily, I have Direct TV in Texas and Nebraska and DISH in Colorado so I can keep track of the new chemicals and farming and ranching practices which enable me to be successful. It also shows city folks that none of these practices endanger the quality of their food and drink produced on farms.

Please let the FCC know how I feel.

Very truly yours,

Dear Patrick,

Please take our comment to the FCC. Re: 16-41

We are farmers and think the city/urban people are trying to squeeze us out of existence. They seem to think we are not important enough to keep us well informed or to try to keep us in contact with other farmers... Is it the old divide and conquer theory... If we can't find out what's going on in agriculture how can we do business properly and wisely.

RFDTV is our main source of television. While we aren't on the Verizon plan we are afraid if one gets by with this the others will follow. I'm tired of being considered excess baggage because we ARE farmers and are senior citizens. Why should a handful of people who have never set foot on a farm make the viewing/business decisions for the agriculture people and senior citizens. These people have NO idea that what goes on in the agriculture world will come back and bite them... where does the food they eat come from.... Just drop out of the sky.

We live in an area where we are forced to take a satellite service and we have tons of terrible programs and only one RFDTV. If I had to choose only one station for my service I could do without all the others and have only RFDTV

Keep up the fight!!!!

To Whom It may Concern:
This letter is in regard to Removing
RTA TV from the airwaves.

Please leave on the air. I am a
Senior Citizen and watch several
Programs on this Channel, it would
be a shame to remove them.

I don't know of any other Programs
you could put on in place of
RTA TV that are interesting and
entertainment.

Please leave on the air.

To Whom IT MAY Concern!

I just wanted to let you know that it is awfull That Verizon is Dropping the RFD Channel. I have been watching RFD ever since they came on the air. My husband got us one of the Big Satellites so That we could get RFD. Then 14 years ago Dish came to town and they were offering RFD, so went to them. I was Raised on a farm and you can never learn to much. That is the on Channel I watch except for local News. Now are the people to keep up with bad weather since they are also Dropping them. MR Gottsch has a lot of info for us Seniors, such as the meeting with GARP for whats going on with our Social Security.

I thought when you signed up with one of these Company's they sign up according to the Channels

they will be Receiving, and then
the Company takes it upon there self
to up a drop some of the Channels that
they Signed up for, this is just not
fair. We are so greatfull that we
have some one like Mr. Gottsch looking
out for us seniors. Please Don't let
them get away with this, because
if they Do the other Companies will
start Doing the Same. Thank you
for looking into this matter.

We have Directv and watch RFD all the time. But I have heard that RFD is fighting to stay on some of the stations.

The people that live in the country don't want this to happen. Sometimes the shows that come on RFD are the only good & true TV shows that you can watch. Like the country Music Shows that come on, tractor pull, Rodos, and many more. We watch RFD a lot. We grew up living the life we see on RFD. Please keep these kind of shows on Directv and all stations. People like it.

Please fight for us.

Thank You

RFD-TV for music, farming
A G-PHD, and all rural shows
It is just a real good channel.
We have Direct TV, they

are really nice, kept it on

Please don't take off other

We are on Dist Network and
get RFD-TV on Channel 231.

This Channel is very important
to our family.

We probably watch it 75% of the
time. We sure hope this Channel
stays on.

My mother is 94 years old and
came to live with us 3 years ago
and loves RFD. We were not
receiving it until she came and
now we love it and sure don't
want to lose it.

We watch RFD on DirecTV

We get over 250 channels
or these we only watch about 5-6
with RFD being our number 1.
We never miss Sat. night music row.
and think Ray Stevens should be on
for an hour.

We love the shows on Fox too.
in fact we watch RFD about
3/4's of the time

I use Dish Network and have
for many years.

Rural programming is
very important not only for
rural areas but Urban as well.
It is a badly needed resource
for our country.

We are ranchers - love Sat
night, music - Rural evening
news - Catterman to Catterman -
Auctions - All in All RFD
has the greatest lineup of
shows.

It is a huge shame that
they and other rural programs

^{Not}
Are Considered worthy of an
~~term~~

This needs addressed in
a big way

Thank You

Never Forget

Hope this
is ok.
